

ID	Project title	Organisation (project owner)	Country
96422	Mosquito mass trapping for surveillance and control of invasive mosquitoes and disease vectors by interdisciplinary approaches	Norwegian University of Life Sciences (UMB)	Norway
96917	Restoring Hearing Through Good Vibrations	Technical University of Denmark, DTU	Denmark
96921	Data-Driven Surface Water Flood Risk Governance	SINTEF	Norway
96926	The timing and ecology of the human occupation of Central Asia	Technical University of Denmark, DTU	Denmark
96944	Particle therapy to enhance tumor immunogenicity	University of Oslo	Norway
96980	Interdisciplinary Approaches to Convergent Challenges in the Arctic	Sigtunastiftelsen	Sweden
96981	MultiGut: A multidisciplinary approach to gut microbiota impact on cardiometabolic and psychosocial health	University of Helsinki	Finland
97037	Nordic Children and Adults Born Preterm	University of Oulu	Finland
97162	Deep analysis of Mitochondrial Physiology – new tools to link chemical reactions and organelle dynamics to the cellular context	Uppsala University	Sweden
97265	Nord-life 90+ – health and subjective wellbeing of the 4th Age in the Nordic welfare states	University of Southern Denmark	Denmark
97278	Supporting Wellbeing during Transitions in Old Age (STAGE)	Åbo Akademi University	Finland
97288	Chemical and biological pathway design for repeatedly recyclable plastics	KTH - Royal Institute of Technology	Sweden
97319	Pathogens, Pandemics and the Development of Nordic Societies	Roskilde University	Denmark
97334	New Drug Delivery Strategies to Minimize Adverse Reactions to Orally Administered Antibiotics	Uppsala University	Sweden
97361	Immersive storytelling, participation and citizen behavior in Nordic municipalities	Norwegian University of Science and Technology (NTNU)	Norway
97412	Narwhal tusks: a tale with a twist	Aarhus University	Denmark
97429	3D Shaped nutritional and bioactive products	RISE PFI AS	Norway
97440	Computer Says No: Everyday Practices of Algorithmic Governance in Public Administration	Faculty of Law, University of Helsinki	Finland
97474	SAD_NoMore. A holistic approach on Seasonal Affective Disorder	VTT Technical Research Centre of Finland	Finland
97499	Responsible digital transformation: Technology for people	Luleå University of Technology	Sweden
97501	Machine learning for middle schoolers	University of Eastern Finland	Finland
97535	Labour market effects of artificial intelligence: The case of knowledge-intensive business services	Norwegian Institute of International Affairs (NUPI)	Norway
97546	Carbon dioxide Academy for Intergenerational Democratic Debate	Malmö University	Sweden

<b>ID</b>	<b>Project title</b>	<b>Organisation (project owner)</b>	<b>Country</b>
97580	HUMAIN: Implications of AI in acute care	Hvidovre Hospital, Clinical Research Centre	Denmark
97581	Phosphorus efficiency and eutrophication under changing climatic and differing socio-natural conditions	OsloMet – Oslo Metropolitan University	Norway
97621	Green forests policies: a comparative assessment of outcomes and trade-offs across Fenno-Scandinavia	Lund University	Sweden
97623	Advancing Breast Cancer histopathology towards AI-based Personalised medicine	Karolinska Institutet	Sweden
97661	Next Generation Infection Free Hospitals	St. Olavs hospital	Norway
97709	Grappling with Uncertainty in Environments Signaling Spurious Experiential Decisions	UiT The Arctic University of Norway	Norway
97715	Graphene-based drug delivery systems for treating MRSA infections	Chalmers University of Technology	Sweden
97726	To the Anthropocene and back: Exploring domestication and rewilding of plants and landscapes in Scandinavia	University of Oslo	Norway
97733	The Network Dynamics of Ethnic Integration	Linköping University	Sweden
97747	Nordic Alliance for Artificial intelligence Against Antimicrobial resistance	SLU - Swedish University of Agricultural Sciences	Sweden
97834	Planning health-promoting urban greenspaces for the wellbeing of families in Nordic cities	Finnish Environment Institute (SYKE)	Finland
97881	Artificial Intelligence to reduce antibiotic use after a tick bite	Roskilde University	Denmark
97882	Technology transition towards CO2 neutral production of fuels and chemicals – Syngas Bioconversion as enabling Technology	Chalmers University of Technology	Sweden
97884	Facilitation Robotics for Teams--Foundational Research on Group Processes in Human-Robot Ensembles with Social Robots	Aarhus University	Denmark
97898	Nordic Collaboration on Antibiotic Resistance: Addressing the Environment's Role in Africa	University of Helsinki	Finland
97900	Slavery in Nordic Medieval Towns AD1000 - 1300	The Norwegian Institute for Cultural Heritage Research (NIKU)	Norway
97954	Scenario building on the potential impact of permafrost thawing on the Arctic & Atlantic biogeochemistry and socio-ecology	Norwegian University of Science and Technology (NTNU)	Norway
97966	Nordic Refugee Determination: Advancing Data Science in Law	University of Copenhagen	Denmark
97983	Solar Energy Solutions Tailored for Nordic Conditions	Aalto University	Finland
97986	BioZement-nanocellulose composite materials for construction purposes	University of Oslo	Norway
97993	Nordic network on smart light-conversion textiles beyond electric circuits	Aalto University	Finland

<b>ID</b>	<b>Project title</b>	<b>Organisation (project owner)</b>	<b>Country</b>
98019	Smart densification for sustainability in medium-sized Nordic urban areas	University of Stavanger	Norway
98027	Facile lab-on-a-paper coupled Surface-Enhanced Raman Scattering sensor platform for food safety and quality control applications	Åbo Akademi University	Finland
98030	HealthBridges: Bridging Social and Biomedical Knowledge between Research and Cancer Patients	University of Helsinki	Finland
98041	Stem Cell Therapy for Bone Tissue Engineering by 3D Bioprinting Technology; an Interdisciplinary Approach	University of Bergen	Norway
98061	IMPREST - Improving task performance from cognitive state estimation	VTT Technical Research Centre of Finland	Finland
98079	Safety Training Parks – innovative Nordic initiative to promote sustainable working life in construction	University of Oulu	Finland
98100	The brown bear in a One Health perspective: A translational model for lifestyle diseases and sentinel species for ecotoxicology	Örebro University Hospital	Sweden
98294	Drug-free technology for reducing risk of biomaterial induced bacterial infections	Uppsala University	Sweden
98297	Technology-enhanced foreign and second-language learning of Nordic languages	Aalto University School of Electrical Engineering	Finland
98321	Thoughts Adrift: Reading, Mind-Wandering and Sleep	Aarhus University	Denmark
98326	Unconventional methods to inform sustainable design: Mediating the needs of people and nature in Nordic after-dark environments	KTH - Royal Institute of Technology	Sweden
